MARCH 1991

DEAR MEMBERS,

WE START THIS, OUR FIRST NEWSLETTER IN 1991, BY SAYING HELLO ONCE AGAIN TO ALL OF YOU OUT THERE & HOPE THAT YOU ALL ENJOYED THE HOLIDAY PERIOD HOWEVER YOU MAY HAVE SPENT THE TIME.

OUR FAMILY ENJOYED A FANTASTIC TWO WEEKS IN A HOUSEBOAT ON THE "MIGHTY MURRAY RIVER" & WOULD RECOMMEND IT TO ALL AS A GREAT WAY TO RECHARGE YOUR BATTERIES FOR THE COMING YEAR.

IT CERTAINLY LOOKS AS IF WE ALL NEED "RECHARGING" TO COPE WITH THE SO CALLED "DEPRESSION"

A "RECESSION" IS WHEN YOUR NEIGHBOR LOSES HIS JOB.
A "DEPRESSION" IS WHEN YOU LOSE YOUR JOB!!!!.

THE GOOD NEWS IS THAT M.S.X IS STILL GOING STRONG OVERSEAS, WITH NEW PROGRAMS BEING RELEASED EVERY YEAR, WE WILL OF COURSE OBTAIN THESE FOR OUR MEMBERS AS & WHEN POSSIBLE, AS YOU WILL NOTE OUR MAIN LIST HAS BEEN ENLARGED PLUS A FURTHER LIST OF NEW PROGRAMS FOR YOUR COLLECTION.

NOW FOR THE SAD NEWS, SINCE RETURNING FROM HOLIDAYS 4 OF OUR 6 CLUB HELPERS HAVE DECIDED TO SPEND MORE TIME WITH THEIR FAMILIES IN FUTURE & SO CAN NO LONGER ASSIST WITH THE CLUB.

WE CANNOT SPEAK TOO HIGHLY IN THANKING THEM ON YOUR BEHALF FOR THE MANY HOURS OF WORK & EXPERTISE THEY HAVE CONTRIBUTED TO THE CLUB OVER THE YEARS, WITHOUT THEIR HELP THE CLUB WOULD NOT HAVE EXISTED, WE WISH THEM ALL THE BEST FOR THE FUTURE.

THIS UNFORTUNATELY PUTS THE SURVIVAL OF THE CLUB IN A "CRISIS" MODE LEAVING ONLY 2 OF US TO CARRY THE HEAVY WORK LOAD NECESSARY TO KEEP THE CLUB RUNNING, LET'S HOPE WE ARE EQUAL TO THIS DIFFICULT TASK.

REALISING THAT SOME OF OUR MEMBERS WILL ASK HOW THEY CAN BE OF ASSISTANCE TO US, LET US EXPLAIN THE ASSISTANCE REQUIRED CAN ONLY BE OF A LOCAL NATURE. HOWEVER MEMBERS CAN BE OF CONSIDERABLE HELP BY SUBMITTING REVIEWS, REPORTS, NEWS, GAME INSTRUCTIONS & ETC FOR PUBLICATION IN OUR NEXT NEWSLETTER.

BY FAR THE MOST IMPORTANT METHOD OF ASSISTING THE CLUB IS TO ORDER SOFTWARE.

THAT'S ALL FOR NOW FOLKS, ED.

KEEPING M.S.X ALIVE.

MEMBERS NOTE

AS YOU WILL NOTE ONLY THE LIST OF OUR "GREAT NEW GAMES" HAS BEEN INCLUDED IN THIS ISSUE, THE REASON FOR THIS IS WE NOW FIND OUR LIST OF PROGRAMS IS NOW SO EXTENSIVE TO PUBLISH IT IN EVERY NEWSLETTER WOULD USE UP TOO MUCH SPACE, & WOULD OBVIOUSLY INCUR EXTRA COSTS.

IT IS OUR INTENTION TO PUBLISH A MORE DEFINITIVE SET OF LISTS FOR OUR NEXT NEWSLETTER.

HOWEVER, OUR MEMBERS SHOULD HAVE RETAINED (we hope) AMPLE LISTS FROM PREVIOUS ISSUES TO ENABLE A WIDE CHOICE OF PROGRAMS TO ORDER. It seems our members are a tad reluctant to purchase games at \$10-00 each, let us explain that these games are up to 5 times larger than the normal \$5-00 games, which means where we can put 4x\$5-00 games on a tape we can only put 2 of these longer games in the same space.

So you see you are still getting the same value, in fact the fine quality of these games to our mind gives much more value. These are some of the best programs you are ever likely to see on M.S.X 1.

SPANISH GAMES

Quite a lot of our new games have been obtained from our man in SPAIN & differ slightly in operation, however a little experimentation will soon solve any problems you may have.

Some of the games work from joystick 2, others need REDEFINING on the keys or joystick, when this key is pressed a Spanish word will appear, if we suppose this word means LEFT in english just move your joystick to the left position and press fire, or press the key on the keyboard including cursor keys you wish to use, & press space or enter.

I know this sounds difficult, but it is very easy to do, to further assist you, here are some interpretations:-

TECLAS-TECLADO = Keys, cursors, or keyboard
JUGAR-JUGADOR = Play, player, or players
PATADA = Kick. GOLPE = Hit or punch
PAUSA = Stop, pause. NIVEL = Level or life
DISPARE PARA JUGAR = Shoot, or press fire
UNA TECLA PARA = Press key 1. NOVATO = Novice
CAMBIER = Change. NOMBRES = Names
ELEGIR = Choose CAMPO = Field
IZQUIERDO = LEFT.

The rest you will be able to work out for yourself, & anyone out there who understands Spanish can write to us with either criticism or further translations. Having said all that we must explain that it does not detract anything from the games, in fact it is fun finding out the various moves.

SOFTWARE REVIEWS

ZANAC 1 & ZANAC 2.

A fast & exiting SHOOT EM UP game, there are 5 levels to each round with 7 different fire powers, power pods to give you either single, double, or triple lasers to deal with the enemy ships of which there are many different types.

Shooting the power icons releases power cells which when collected destroys everything in sight. Bonuses include: shields, fire balls, exploding pods & etc, a time limit applies to each round, if you don't make it through, the round starts again.

A fast & furious game, with excellent sound & graphics. ZANAC 2 continues from ZANAC 1.

MONOPOLY

The computer version of the popular board game, allows up to 6 players.

You can buy houses, hotels, land, go to jail, & trade properties etc, in fact all the facets of the board game are included. Well presented with good graphics.

PING PONG

Known as Table Tennis to most of us this is another excellent KONAMI program, played with 2 players or against the computer with a difficulty level from 1-5, play up to 3 rounds to a score of 21 for each round. Winning a point from the computer makes the crowd applause wildly, watch the penguins antics. An absorbing game with great graphics & sound effects.

ANTARCTIC ADVENTURE

This has got to be the all time favourite KONAMI game, featuring the PENGUIN konami seem to be obsessed with, in his attempt to find his true love LADY PENGUIN somewhere in the south pole.

Watch him make the perilous trip, avoiding cracks in the ice from which killer seals & polar bears pop up, while having to collect flying fish to sustain himself, there are numerous parts of the journey to be completed by a limited time, all to the sound of a well known tune.

Very entertaining for all ages, with great music, sound, & graphics. We warn you, it is not as easy as it looks!!!!.

AFTER THE WAR (part 1 & part 2) \$10-00 each.

Though this great game has not yet appeared in our lists, it is available.

As a commando type fighter your task is to fight your way across enemy territory armed with your M-60, though the tight security fortress, avoiding security cameras, gun turrets, lethal hover

robots, blast your way through these & come face to face with a larger robot similar to the one in EMPIRE STRIKES BACK, destroy the robot & proceed to the next level, for more slaughter & destruction which gets more difficult as the game goes on. Very lifelike graphics, & sound, which continue from part 1 to part 2. GREAT ACTION GAME HIGHLY RECOMMENDED

THE WAY OF THE TIGER \$10-00 disc/tape.

Issued by GREMLIN GRAPHICS this program proved to be a best seller.

A martial arts based game consisting of 3 disciplines, Unarmed Combat, Pole Fighting, & Sword Fighting according to the NINJA tradition. Battle against the various evil forces while attempting to survive as best you can, using either the joystick or the keyboard. you will become more skillful as play progresses. Good graphics & sound effects. Very satisfying.

ALI BABA & THE 40 THIEVES

This game is in the classic Pacman maze style, the aim is to stop the thieves from stealing the bag of gold while avoiding DON the king thief. On entering the "MYSTERY ZONE" four things can happen, Ali becomes larger and is able to capture DON, DON grows larger so ALI better watch out, "OPEN SESAME" enables ALI to retrieve the gold, or ALI travels twice as quickly. Though fairly simple in concept the game has good smooth graphics, excellent sound & music which can be turned on or off. Good playability & entertainment value.

SPEEDSAVE 4000 Disc Utility.

A valuable tool that no disc user should be without, so valuable that our club would be nothing without the constant use of the various functions of Speedsave 4000, to name all of these functions is practically impossible however the disc contains a operational manual which can easily be printed out if required.

Some of its uses are as follows:- Not only reads the contents of any disc but then prints it out complete with the start & end addresses of all bin files, great for copying to cassettes & etc. Automatically restores deleted files!!!!. Sorts disc files alphabetically, Assists in copying m-code programs from tape to disc, with or without headers. Allows viewing of sectors of a disc to edit them & then saves the edited version to disc. Plus many more uses depending on your computer expertise.

What more can we say except INDISPENSABLE !!!

WHEN ORDERING SELECT AS MANY ALTERNATE CHOICES AS POSSIBLE.

PASSING SHOT

This is one of the programs on a GREAT NEW GAME list, and in our opinion must be the ultimate tennis simulation game, it has everything & so true to life.

Based on the same premise as THE DAVIES CUP the teams can be selected from AUSTRALIA: U.S.A: ENGLAND: & FRANCE they then play each other in the quarter finals through to the final.

All the scores, fault calls & etc are clearly displayed, players are so lifelike to the point that the player receiving serve can be seen doing the side to side movement as the professionals do. During play if the ball is lobbed the picture switches to a birds eye view of the ball coming up to you, & then quickly switches back to the receivers view.

The whole range of profession shots can be achieved with a little practice, with the audience applauding the good ones. Though we are not avid tennis players we can see that all the elements of pro-tennis have been remarkably reproduced, the graphics could only be bettered on a MSX 2 machine as is the case with all of our \$10-00 new programs, which are designed to get the best out of your MSX 1 computer.

THUNDERBIRDS

We are all familiar with the puppet series THUNDERBIRDS which was a world wide hit on T/V. As a point of interest these were the first electronically controlled puppets in the world.

You can now participate in the various adventures of the Thunderbirds crew:- ALLEN : GORDON : BRAIN : LADY PENELOPE : PARKER : SCOTT : & VIRGIL in these four exiting adventures. Though these were meant to be continuous, we have made them into separate, stand alone, adventures by supplying the password for each part. These are supplied seperatly at \$10-00 each.

Thunderbirds 1:- play the roles of ALLEN & BRAINS on a international rescue mission MINE MENACE. Rescue the miner from deep in the flooded gold mine, but hurry because the water level is rising fast, the water pump is jammed and inoperable, time is short.

THUNDERBIRDS 2:- take the parts of GORDON & ALLEN in another International rescue misson, this time your task is to refloat a submerged atomic submarine, to add to your problems the sub has sprung a radiation leak in the atomic reactor which must be shut down before the craft can be re-surfaced.

THUNDERBIRDS 3:- in this episode, called the BANK JOB your are LADY PENELOPE & PARKER you have the daunting task of recovering some very secret plans in the BANK OF ENGLAND.

THUNDERBIRDS 4:-Join SCOTT & VIRGIL on the most hazardous International mission of all. Help them bring about the conquest of the most dangerous enemy in the universe the EVIL HOOD.

While you will realise these are only brief game descriptions, & not fully indicative of all the features included, before each mission the you are able to choose two items each to assist your endeavours through many various locations.

The graphics & music are exellent as described in the PASSING SHOT review.Very worthwhile.

FIRE PANIC
by Dan Jackson
for MSX Computers.

The Hotel is on fire. Avoid the falling FIRE BALLS by moving from side to side and build up a large score. GOOD LUCK!
