

SPECTRA HOME ECONOMIST™

SPECTRAVIDEO™

Committed to developing the very finest computer software

Congratulations! You have in your hands one of Spectravideo's exceptional home utility programs. Not only will it save you a great deal of time—it will make an important aspect of home management move faster. It will also make your home management more tedious work and makes COUPON management a lot more fun.

At Spectravideo, we not only make the finest computer hardware, we are also fully committed to making available the best collection of software to cover all categories: education, business, entertainment, and of course, home utility. In this latter category, SPECTRA HOME ECONOMIST is only the first of a series that includes, for example, SPECTRA CHECKBOOK, SPECTRA DIARY, SPECTRA RECIPE MANAGEMENT and STOCK BROKER.

The introduction of the Spectravideo computer system marked the end of disposable computer. Our far-reaching software development program is just one more reason why Spectravideo is truly "The system you'll grow into, not out of."

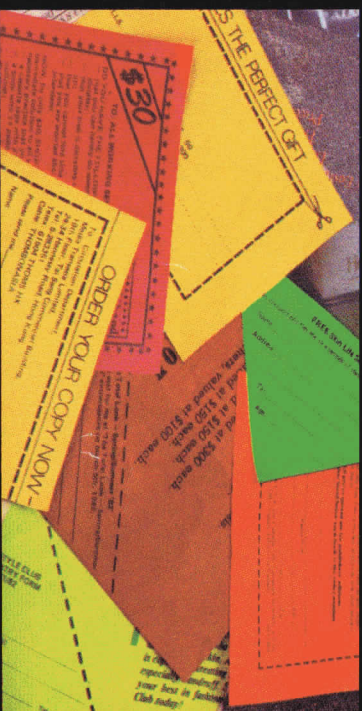

INTRODUCTION

SPECTRA HOME ECONOMIST is an easy-to-use, self-guiding program. Users with even a little computer experience will be able to put it to work at once, using the simple, step-by-step instructions that are included in this home utility program. We advise that all users read this leaflet in its entirety.

To utilize this program, you will need Spectravideo's SV-318 or SV-328 computer, Spectravideo's SV-903 or SV-904 Data Cassette and an ordinary TV or monitor. Spectravideo's SV-318 and SV-328 computers are designed for these appliances — especially those sections dealing with safety and precautions — proceed as follows:

- (1) Hook up your computer to TV or monitor.
- (2) Hook up the Data Cassette to the computer (the Spectravideo SV-903 or SV-904 Data Cassette).
- (3) Then follow the brief guidelines and the more detailed instructions.

SPECTRAVIDEO™ SPECTRA HOME ECONOMIST™ PERSONAL INTEREST & BUSINESS APPLICATION PROGRAM

BRIEF GUIDELINES FOR USING SPECTRA COUPON MANAGEMENT

1. Turn on the computer and the TV or monitor.
2. Place your SPECTRA RECIPE MANAGEMENT tape in the Data Cassette. Make sure Side A is facing up. Remindfully so all the tape is on the left-hand spool.
3. Type CLOAD and then press ENTER.
4. Press "play" on the Data Cassette as directed by the computer.
5. Then wait until "Found intro" and then the "OK" prompt appears on the screen.
6. Type RUN and then press ENTER.
7. The program is self-guiding from this point on.

DETAILED INSTRUCTIONS FOR USING YOUR COUPON MANAGEMENT PROGRAM

(All of this assumes you have already performed steps 1-6.)

The next screen will instruct you to fix the computer Press ENTER. Here's what the screen displays next:

STANDEY
WHILE I LOAD
COUPON MANAGER

When the "OK" prompt appears, type RUN and then ENTER. You will then see this:

STANDEY I'M READING DATA FROM THE TAPE

- Which function would you like to perform?
- 1 - Enter coupon
 - 2 - Delete expired coupon (s)
 - 3 - Delete expired coupon (s)
 - 4 - List coupons
 - 5 - Exit program

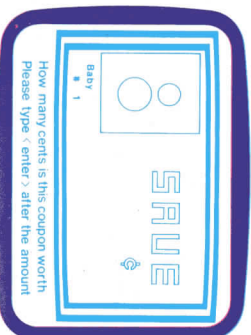

Select a number then <enter>

If you press #1, you will be directed to mark your coupon. You will then see this list of categories:

- | | |
|--------------|-------------|
| 1 - Baby | 11 - Frozen |
| 2 - Baking | 12 - Meat |
| 3 - Beauty | 13 - Paper |
| 4 - Beverage | 14 - Pet |
| 5 - Cereal | 15 - Snack |
| 6 - Cereals | 16 - Soup |
| 7 - Coffee | 17 - Sundry |
| 8 - Dairy | 18 - Sundry |
| 9 - Dessert | 19 - Sundry |
| 10 - Misc | 20 - Misc |

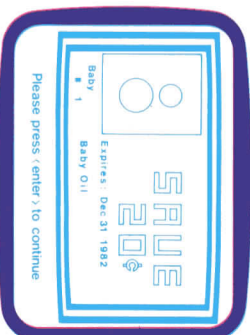

Select a number then <enter>

After you select your category, you will see your first blank coupon. Now, try to duplicate the coupon as shown below.

After you fill in the value, enter the month as directed (1 = January, 2 = February, etc.). Then, enter the year and the brand name, size, etc. as directed by the computer.

Well, did you get the proper results? Your screen should look exactly like our coupon below.

As soon as you press ENTER, the coupon will be stored in memory for your later access. You will fill in "one at a time coupon" like this for each coupon you possess.

Also you will then return to your function board (in computer language, lists like these are often termed "menus").

Let's now try #2. You will see:

We will now erase used or discarded coupons one at a time. Type in the I.D. number of the coupon that you wish to delete then press <enter>. To return to menu press (0).

After typing in the I.D. number of the coupon you wish to delete, the computer will display the coupon. At the bottom of the screen, this is coupon identification since you do not want to mistakenly delete a coupon that is still good. If you still want to delete the coupon, just follow from memory. All used coupons are deleted in this manner.

Now let's say you want to delete an expired coupon.

Press (0) zero on the computer (remember to press ENTER after every command), this carries you back to the function board. Press #3 and then ENTER. You will see this:

The computer will now delete expired coupons from the file. First you must enter today's date

Enter month <1-12> then press <enter>

After you type in "today's date," the computer will wait for your verification before eliminating from memory all expired coupons like magic!

Of course when it comes time to head for the supermarket, you must know which coupons to bring along. Here, again, the computer will save you loads of time.

Since we have just erased the only coupon we entered into memory, we need to re-enter that coupon, in order to demonstrate the next point. So re-enter the cancelled coupon, and when you return to the function board, press #4.

The computer is ready to list the coupons for you so that you can decide which ones to take to the store. Remember to make note of any coupons that you use so you can delete them when you return

Press <1> to list by category
Press <2> to list all categories

Then if you press #1, you will see a complete list of your coupon categories. Choose the category you wish to list (in this case #1). Then press ENTER. You will then see all coupons you have filed in that category displayed.

If you press #2, you will see listed all the coupons you have on file, in the numerical order in which you have filed them.

The 5th and last function you can select from the function board is "Exit Program." When you've had enough "coupon managing" for the day, this function will update the tape (your storage device) with all the changes/deletions/additions you just made. If you press #5 on the function board, you will see this:

REWIND TAPE TO ??? ON COUNTER
PRESS <ENTER> TO CONTINUE

Then, just follow the computer's instructions.

SPECTRAVIDEO SOFTWARE AND ACCESSORIES LIMITED 90-DAY WARRANTY

SPECTRAVIDEO warrants to the original purchaser that the SPECTRAVIDEO software is free of defects in material and workmanship for a period of 90 days from the date of purchase. SPECTRAVIDEO agrees to either repair or replace, at its option, free of charge, any software discovered to be defective within the warranty period upon receipt of the software, postage paid, with proof of date of purchase, at its Factory Service Center.

This warranty is limited to the electronic circuitry and mechanical parts originally provided by SPECTRAVIDEO and is not applicable to normal wear and tear. This warranty shall not be applicable and shall be void if the defect in the software has arisen through abuse, unreasonable use, mistreatment or

neglect. This warranty is in lieu of all other express warranties and no other representation or claims of any nature shall be binding on or obligate SPECTRAVIDEO. Any implied warranties applicable to this software are limited to the 90 days period described above. In no event will SPECTRAVIDEO be liable for any special, incidental, or consequential damage resulting from possession, use or malfunction of this software.

Some states do not allow limitations on how long an implied warranty lasts and/or the exclusion or limitation of incidental or consequential damages so the above limitations and/or exclusion or limitation of liability may not apply to you. This warranty gives you specific legal rights, and you may have other rights which vary from state to state.
