

Mini Golf™

introduction

' Tee up.....! Swing.....Off!!
' And he's just made an excellent approach shot. His ball is on the green.

What positioning! He is getting ready to sink the putt. Yes!!! He's done it! He has done it!! What a magnificent shot!

The 9th hole in two!!!
It is a hot summer day. Not a cloud in the sky. The fairway is that smooth-emerald green of freshly mown grass. The crowds are gathering, talking together excitedly. It's going to be a great day. A day to go down in history! They have come to see one of the greatest golfers in the world, in action. Playing in this competition of the Greats.

YOU!!!

Yes, you are about to give an amazing display of your talents to the excited crowd and the TV viewers around the world. You can show them the real way to play Mini-Golf. You are a true professional!

Mini-Golf uses all those talents that you would need in a real live game of golf or even competition golf. A keen eye, accurate judgement careful calculation of angles and bounce of the ball. The need to stay calm and cool in a tense situation, not to get ruffled by a large expectant crowd. The need to win that game however unimportant. The sheer joy for the skill of playing the game itself for the best of your ability.

Mini-Golf creates the atmosphere and situation for you. A realistic golfing game Mini-Golf takes you through the intricacies of putting, positioning, teeing off and sinking the putt. It puts you and your friends through your paces! It sorts the real golfers out from.....well, those who just can't!!!

GETTING START

1. Hook up your computer to TV or monitor. Also connect cassette player to the computer*.
2. Turn all units on.
3. Insert tape. Rewind fully. Type:

cloud **ENTER**

Wait till the followings appear:

Found: MCGOLF

OK

4. Press **F5** to run the program. Follow the instructions on the screen. Also refer to this instruction manual for details.

GAME DESCRIPTION

Mini-Golf provides a course of nine holes, each one more difficult and intricate than the last. With careful swings and putts, get that ball round the hole. No hearty drives now! That ball just might bounce off those lines right back at you, and you'll have to start all over again, with those extra strokes counting against you!!

Papa can get one hole in 8 shots. Get a hole in under 8 strokes and you will get real high marks. Get a hole in over 8? Then that's not so good, those marks come tumbling down so quick! You got a hole in over 12? Well, what are you playing this game for? Well, Ok, you just started. Guess you will have to have lots of practice, right? Right!!

Well, that is what Mini-Golf is all about. You can practice till you are real good. Then go out and invite your friends in for a game. You can become a champion golfer in the comfort of your own home! AND you can play with up to 8 of your friends at any one time. Have a competition! Award a prize to the winner! Play in teams! With a partner!

Have a contest round your neighbourhood! It's all yours. Be professionals!

So.....get ready.....!!!!

'And he has teed off! See him get into that swing. Drive it through! This golfer really has class. Great!! He's done it! He's really done it this time. A hole in one! TERRIFIC!! What a game! And what a player!!'

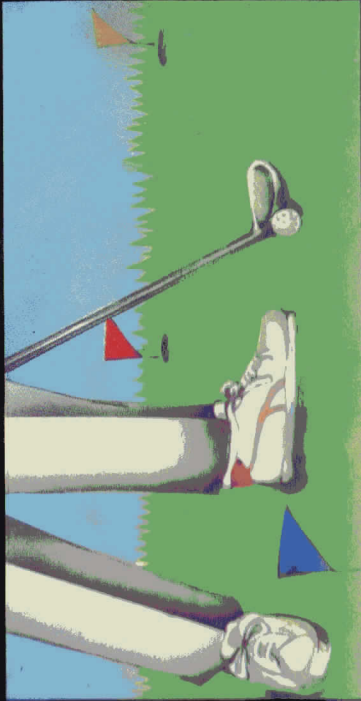

OBJECTIVE

Based on the game of golf the objective of this game is to hit the ball into the hole. The course consists of a series of increasing complexity. If the ball is not sunk in 12 shots or less no points are scored. The object is to get the ball into the hole with as few strokes as possible. The number of points scored for each shot are added up to make a total at the end of the competition.

- Tips on Handling and Storage
1. Avoid touching the tape with your fingers; you may cause drop-outs or scratches.
 2. Protect your cassette from dust and damage when not in use by keeping it in its protective plastic box.
 3. The tape should be wound snugly on the cassette reels; if the tape is loose, carefully wind it on to one of the reels by gently turning one of the hubs.

4. Keep the recorder head and pinch roller clean by regular use of a good cassette head cleaner.
5. Avoid prolonged exposure of cassettes to excessive heat, sunlight and strong magnetic fields. Do not store near heating appliances, TV sets or similar equipment.
6. To preserve valuable or prized recordings, punch out and remove the erasure prevention lug on the top edge of the cassette.

The following screen is shown for selecting method of control.

Press JOYSTICK CONTROL (X)
ENTER JOYSTICK (X)

To use the cursor control press key **O**
to use the joystick press key **I**.

Press the space bar for more instructions.
The next page asks how many players will be playing. You can choose to play on your own or with up to 8 other contestants.

How many players?

1-8 **ENTER**

The program will now request the names of each player.

Name of player 1?

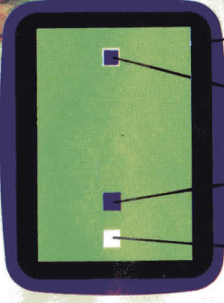

Name of player 2?

Name of player 3?

etc

Type in the name of each player in the competition.

The computer will take a few seconds to load this data. Then the course, and Hole 1 will appear on your screen.

Club

Ball

hole

wall

Get ready to start. The number of the hole you are playing appears on the blue flag by each hole. The first hole is an easy one. Remember the further away the club is from the ball, the further the ball will go when you hit it. As the course progresses from hole to hole, the holes get more difficult with more angles and obstacles to get round. One trick to remember, to get around a hole without using too many strokes is to make the ball bounce off the walls. To do this you have to estimate the angle at which the ball must hit the wall very carefully. Otherwise you might find that your ball is further back from where it was when you started!! However if you bounce the ball correctly you will get through the hole very quickly.

At each stage of the game the name of the player on the course will be displayed on the top left hand corner of the screen. On the top right hand corner the number of the stroke that you are about to play will be shown. At the bottom of the screen, when a hole is completed, the score for that stroke will be shown in the left hand corner. On the bottom right hand corner the total score so far in the competition will appear.

SKILL LEVEL

The skill level is controlled by the shape of the course which changes for each round. As the player progresses the shape of the course becomes more complex, increasing the level of difficulty with more obstacles and angles to be overcome.

SCORING

If you score less than 8 strokes for a hole the points you receive are much higher than if you complete a hole in more than 8 strokes. If you finish a hole in over 12 strokes then you will not score anything.

Strokes	Points	Strokes	Points
2	= 17	8	= 5
3	= 16	9	= 4
4	= 15	10	= 3
5	= 14	11	= 2
6	= 13	12	= 1
7	= 12		

IN CASE OF DIFFICULTIES

1. AS the program is in progress, and the computer hangs up, press **CTRL** and **STOP** keys simultaneously. When the "OK" prompt is displayed, press **F5** key to run the game.

2. Turn off power to all equipment and check all connecting cables.

Rewind tape and try again.

Type **cload** followed by **ENTER**.

When the "OK" prompt is displayed, press **F5** to run the game.
